

SEMI-AUTOMATIC SHEETERS MAN TRONIC

- Heavy duty steel stove painted structure (optional INOX)
- Standard colour: grey RAL 9007
- Mounted on the same frame and mechanical of the bigger fully automatic sister, the QMT sheeter offer a great reliability and absolutely lamination precision
- The belts inversion happen through a practical balancer or through a pedal board
- The lamination programming is entire managed through the 5" touch screen with the possibility of memorize till 100 recipes
- The opening and closing cylinders system made through two screws in bain of oil assure an high precisions lamination till one tenth of millimeter also with stiff dough
- Frontal and back covers made in steel stove painted (no plastic parts) assembled from the top and fixed with screws avoid that the flour enter inside the mechanical parts of the machine and damage them
- Very noiseless thanks to the trapezoidal and toothed belts transmission
- Optional: automatic flour duster and coiler

MAN TRONIC 1600 - 1800
